

# Summer Reading KINDERGARTEN

Plan on reading with your child for a minimum of 10 minutes nightly this summer to build vocabulary and sustained attention.

For the “book report” this year, students will create a 3D diorama of their favorite scene from one of the following books:

**Where the Wild Things Are**  
**The Very Hungry Caterpillar**

The diorama will be built in a shoebox using toys, drawings, crafts supplies or items found around the house.

And because our kinders don't yet write, I will have parents ask them what their favorite character was, where the story happened, and what was their favorite part. Parents will then write their answers on a card on the back or bottom of the box.

Please bring diaramas in on school supply drop off, August 6<sup>th</sup>. This way kids have help carrying them in.

I look forward to seeing the magic book world you and your kiddo created!

Warmly,

*Mrs. Slingland*
